Dear Mr Stancer,

I would like to express my sincerest thanks for your recent letter of congratulations following my election for a new mandate as President of the European Commission.

For the coming mandate, my ambition is to contribute to a Union that is faster and simpler, more focused and more united, more supportive of people and companies. I will work to reinforce our collective competitiveness and prosperity while pursuing our ambitious efforts to successfully implement the green and digital transitions, so that our companies and citizens can seize all the opportunities they offer to improve our quality of life while leaving no one behind. Furthermore, I will spare no effort to deepen commitment to a free and democratic Europe and strengthen our citizens' security and defence.

Message Of The **VICE-PRESIDENT**

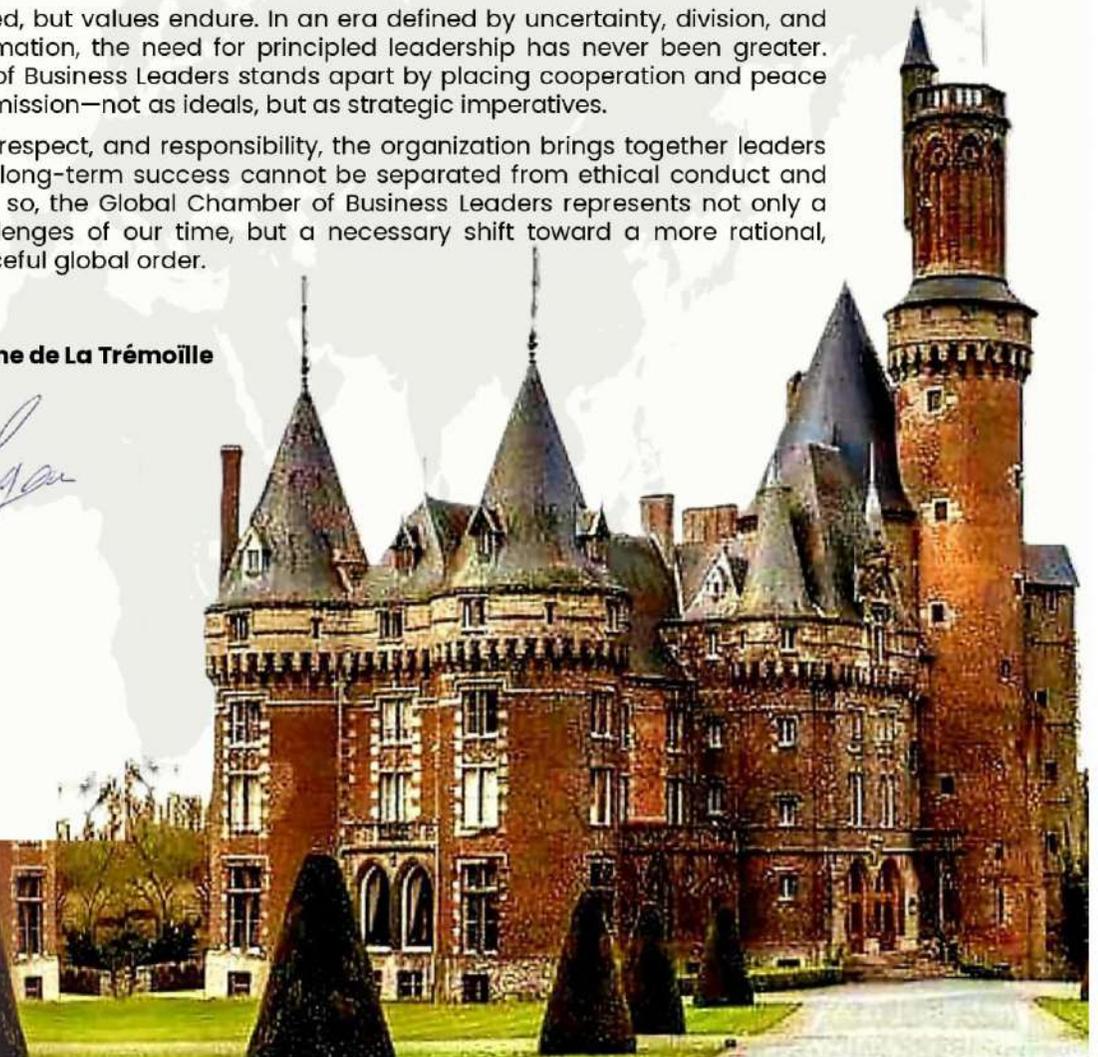

Dear Global Business Leaders,

The world has changed, but values endure. In an era defined by uncertainty, division, and accelerating transformation, the need for principled leadership has never been greater. The Global Chamber of Business Leaders stands apart by placing cooperation and peace at the very core of its mission—not as ideals, but as strategic imperatives.

Founded on integrity, respect, and responsibility, the organization brings together leaders who understand that long-term success cannot be separated from ethical conduct and mutual trust. In doing so, the Global Chamber of Business Leaders represents not only a response to the challenges of our time, but a necessary shift toward a more rational, cooperative, and peaceful global order.

Sincerely yours,

Prince Edouard de Ligne de La Trémoille
VICE-PRESIDENT

GLOBAL CHAMBER OF **BUSINESS LEADERS**

Over a **DECADE** OF ACHIEVEMENTS

In 2014, we embarked on a mission to foster connectivity, trust, and peace, uniting and collaborating with all stakeholders. Despite numerous obstacles, we persevered with unwavering determination and compassion. Our resilience defines us, leading us to where we stand today - stronger, more expansive, and prepared to embrace the uncertainties of the future.

We continue to shape the path ahead, making the challenges of tomorrow inconsequential.

The first decade embodied the triumph of unity and cooperation. Engaging both allies and challengers, we stood unwavering for a future of integration and coexistence – the only path we embrace.

The MISSION AND GOALS OF THE GCBL

GLOBAL
CHAMBER OF
**BUSINESS
LEADERS**

In this critical **Decade of Action**, the Global Chamber of Business Leaders (GCBL) stands as a unifying force for **business leaders, entrepreneurs, and policymakers** committed to shaping a more sustainable, peaceful, and prosperous world.

***“Set your life
on fire with purpose —
and build the world bold enough to hold it.”***

— Howard Schultz

GCBL exists to foster global cooperation, responsible leadership, and forward-thinking economic strategies. We believe that the cost of division is war, while the reward of unity is peace — and this belief drives everything we do. We are building a worldwide platform where the

exchange of knowledge and experience sparks innovation, strengthens diplomacy, and creates new business opportunities grounded in ethical and sustainable principles.

Our commitment goes beyond participation. GCBL actively engages in governance, policy advocacy, and economic diplomacy, advancing business models that align with the global need for climate action, social inclusion, and long-term resilience. We empower leaders who integrate sustainability, innovation, and impact into the heart of their strategies.

Through initiatives like the Global Coalition for Cooperation and Peace, we emphasize that peace is not simply an outcome, but a strategic foundation for global progress. In this complex and interconnected world, we believe business must be a force for unity, stability, and constructive change.

At GCBL, we are not just responding to change — we are driving it, with clarity, purpose, and shared responsibility for the future.
