A WORLD AT A CROSSROADS

The world is entering **a decisive moment in history.**

Across continents, we see rising tensions, growing fragmentation, and a dangerous erosion of trust between nations and institutions.

The systems that sustained global stability for decades are being tested.

In times like these, the future will not be determined by conflict — **but by those who choose cooperation over division.**

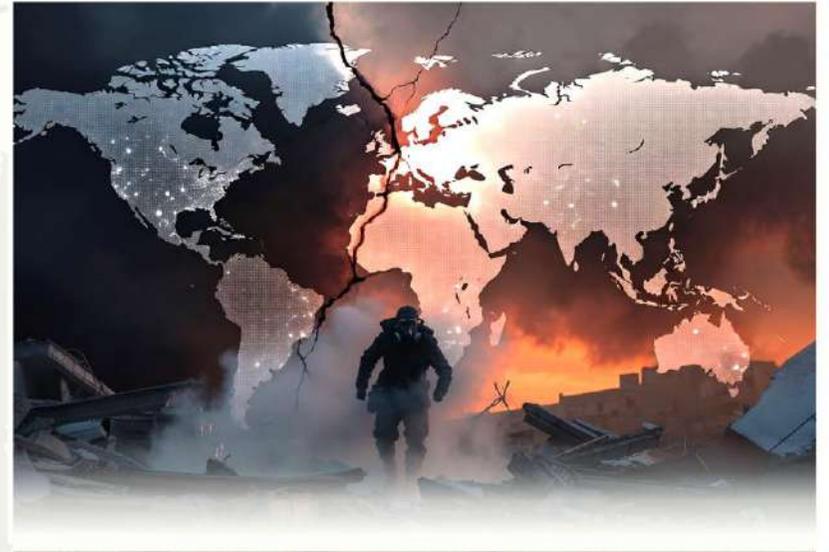

LEADERSHIP IN **TIMES OF UNCERTAINTY**

History has shown that when politics struggles to unite the world, **responsible leadership must rise** from other pillars of society.

Business leaders today hold unprecedented influence over economies, technologies, and global networks.

With that influence comes a responsibility that transcends markets and borders—**the responsibility to strengthen stability, encourage dialogue, and safeguard the foundations of global prosperity.**

A CALL TO GLOBAL LEADERS

This is a moment that calls for courage, vision, and cooperation.

Under the leadership of the **Global Chamber of Business Leaders**, a new platform for responsible global leadership is emerging.

Through the initiative **Global Coalition for Cooperation and Peace**, leaders from across the world are invited to unite around a simple but powerful conviction:

- **PROSPERITY WITHOUT PEACE CANNOT ENDURE.**
- **THE FUTURE WILL BELONG TO THOSE WHO DARE TO COOPERATE.**

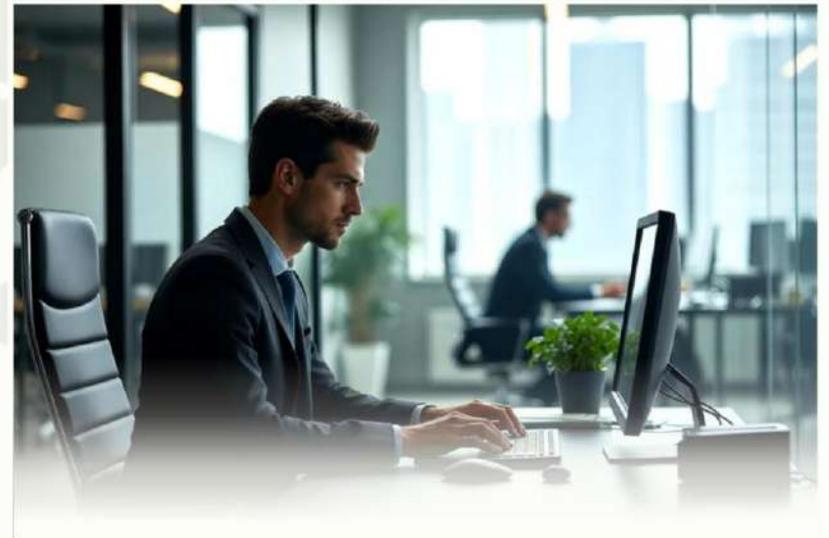

The **POWER** OF **BUSINESS**

BUSINESS has **BECOME ONE** of
the **MOST POWERFUL GLOBAL FORCES**

The **Global Chamber of Business Leaders** was created to unite responsible global leadership at a time when the world faces fragmentation, geopolitical tension and economic uncertainty.

Its mission is to transform business influence into a force for stability, dialogue and long-term global cooperation.
